International Protector Middle East + can help protect your family, business or mortgage by paying out a lump sum in the event of death, critical illness, disability, or terminal illness.

We've provided this important information to help you to decide whether our International Protector Middle East + is suitable for you. You should read this document and your personal illustration carefully so that you understand what you are buying, and keep them safe for future reference.

In addition to your ability to stop your plan, as set out in the **'What if I stop the plan?'** section on page 5, you can cancel your policy within 30 days from the day you receive notice from us of your cancellation rights and all contractual documents. These will be sent to you once your policy has been set up.

If you exercise this right to cancel your policy, we will refund your premium. We reserve the right to deduct any reasonable cost incurred for medical tests required for underwriting purposes, but if we do this, we will send you a receipt and your medical reports.

If you wish to cancel you should follow the instructions in the notice from us of your cancellation rights. Upon cancellation, the policy will terminate immediately.

An Arabic version of this document will be made available upon request.

Its aims

- To help protect you financially against a range of events, all within one plan.
- Depending on the cover(s) chosen, to pay out if you:
 - die;
 - become totally or permanently disabled;
 - become terminally ill; or
 - are first diagnosed with a critical illness or disability that meets our policy definition.
- To allow you to pay premiums at an amount and frequency that suits your circumstances.

- To allow you to alter the cover level, period of cover, or add new types of cover as your protection needs change. Any additional cover will be via a new application and subject to evidence of insurability and full underwriting at the time.

Your commitment

- To answer all questions truthfully, accurately and completely to the best of your knowledge when applying for your plan and when making a claim.
- To tell us, if between your application and the start of your cover, anything relating to the following areas changes. Your:
 - health or family history;
 - occupation and/or occupational duties;
 - country of work;
 - country of residence or intended residence;
 - plans for occupational travel outside of your normal country of residence or change in your normal country of residence;
 - taking up of, or participation in, any hazardous sport or pastime.
- To pay premiums for the premium payment term you choose.
- To tell us:
 - within three months of disablement for a Total and Permanent Disability claim
 - within three months of diagnosis for a Critical Illness and Disability Benefit claim, a Terminal Illness claim or a Children's Critical Illness and Disability Benefit claim.
- To allow us access to your medical records to consider an application or a claim.

Risks

- If you stop your premiums for any type of cover, that cover will stop and you will get nothing back.
- We may not pay a claim in some cases. Please see **'What will stop the cover paying out?'** for each type of cover.
- Inflation will reduce the spending power of any money you or your family get back in the future.
- The amount of cover you need may change over time. You should review your plan regularly with your financial adviser to ensure the types and levels of cover are still suitable for your changing needs.
- The plan will never have a cash-in value. This means that you will only be entitled to a payment from the plan in the event of a valid claim during the chosen cover term or if a refund of premium is due as described in **'Can I change my mind?'** and **'What if I stop the plan?'** sections of this document.
- The following risks only apply to **Critical Illness Cover** and **Life or Earlier Critical Illness Cover**:
 - Premium amounts are guaranteed for the first 5 years only. After this we will review your premiums every 5 years. This is applicable to accelerated premium payments as well.
 - If the predicted cost of providing benefits is higher than expected, you will need to increase your premiums to keep your chosen cover level going throughout the cover term.
Alternatively, you can reduce your cover and keep your premiums the same.
 - If the predicted cost of providing benefits is lower than expected, your cover will stay the same but your premiums will decrease.
 - When predicting the cost of providing benefits, we will consider various issues. Further information on these can be found in our **'Guide to premium reviews'** found on our website.
- The following risks only apply to decreasing cover:
If you choose a decreasing cover policy to protect a repayment loan (e.g. a repayment mortgage) the sum assured paid at the time of a claim may not be sufficient to cover the entire outstanding liability if:
 - the interest rate of your loan becomes higher, at any time, than the interest rate you have chosen for your decreasing cover policy.
 - you change the type of loan you have without effecting additional cover to reflect the change. Some examples of this would include changing the loan type, increasing the loan amount or extending the loan term.
 - you take out a cover with reviewable premiums – which we review every 5 years – and you opt to reduce your sum assured rather than pay any proposed increase in premium that may be required as a result of the review.

You should discuss these risks with your financial adviser who can provide you with more information.

- At an additional cost, Total and Permanent Disability Benefit (which covers you until the end of your cover term or your 65th birthday, whichever is earlier) can be added to your Life Cover.
- Is available on a level or decreasing cover basis.
- If we pay the cover amount, the plan and all cover will end.

What is the difference between level and decreasing cover?

Level Cover

- Your cover amount would remain fixed over your chosen cover term.

- Decreasing cover offers you a choice of two interest rates, 7% or 11%.

- A maximum of three Children's Critical Illness and Disability benefit claims may be made under this plan (a maximum of one claim per child across all qualifying policies).
- The payment of a claim under this benefit does not reduce the Critical Illness Cover or Life or Earlier Critical Illness Cover sum assured. The plan and all other cover will continue.

How flexible is it?

- The plan is flexible to meet your changing needs and allows you to:
 - choose your premium payment term
 - add new types of cover*
 - increase* or reduce cover levels
 - increase* or reduce the cover term (not available for accelerated premiums).
- *via a new application and full underwriting

- You can choose the contract currency that you would like your plan to be denominated. This can be in USD, GBP, EUR or AED. All statements, correspondence, premiums and benefits will be denominated in your chosen contract currency. **Once the plan has started, the contract currency cannot be altered.**

Notes

- If you make changes to your cover, your premiums are likely to change.
- Increases or changes to your plan may be subject to evidence of your health, family history, country of residence or intended residence, occupation, and pastimes at the time. Any changes are also subject to our terms and conditions at that time.
- You should review your plan regularly with your financial adviser to ensure the types, and levels, of cover are still suitable for your needs.

What will my premiums be?

- Your illustration(s) will show the premiums you need to pay and the premium payment term for each type of cover you choose.
- Premiums can be paid as a one time lump sum (single premium) or at regular intervals such as monthly or annually. The minimum premiums for all types of cover are:

Currency	Monthly	Annually	One time lump sum
USD	25.00	250.00	1,200.00
GBP	15.00	150.00	720.00
EUR	21.00	210.00	1,000.00
AED	92.00	920.00	4,400.00

- Your premiums will depend on several things. For example, the amount and type of cover you choose, how long you want the cover to last, your age, gender, whether you smoke or use nicotine products, your health and lifestyle, as assessed by our underwriters.
- Benefits will be payable in the same currency as the premiums selected at the outset.

What are my premium payment options?

- International Protector Middle East + provides a range of premium payment options such as:
 - accelerated premium payment options such as:
 - single premium payment
 - premium payment for a limited term of 5, 7, 10, 12 or 15 years
 - regular premium payment i.e. regular payment of premiums across the entire period of the policy

- To elaborate, the accelerated premium payment option, provides you with the option of choosing the premium payment term that you prefer, while still having a fully funded plan in place i.e. it provides you with the option of paying for the full cover in a shorter span of time.
- The accelerated premium payment option also offers you the benefit of a discount on the total premiums in comparison with the regular premium payment option. However, the discount offered will be reversed if you ask us to stop the policy during the policy term. Please see **‘What if I stop the plan?’** for more details.

For more details on the discount, please refer to the illustration provided by your financial adviser.

Can my premiums change in the future?

- If you choose Life Cover or Life Cover with Total and Permanent Disability Benefit, your premiums are guaranteed not to change for the duration of the policy. Please see **‘Can my premiums change in the future?’** for Critical Illness Cover (page 11) and Life or Earlier Critical Illness Cover (page 13).

What are the charges?

- We allow for all charges, including the cost of providing the types of cover you choose and all expenses, such as commission, within the premiums you pay.

What if I stop the plan?

- You can stop your plan, or any of the individual covers within your plan, at any time. **If you stop paying for a particular cover, all benefits provided by that cover will end depending on the premium payment option you choose.**

Regular premium payment term option

(i.e. payment term is equal to the term of the policy)

- If you are paying your premiums monthly, you will not be refunded any of your premiums upon stopping your plan or any of the policies within your plan.
- If you are paying your premiums annually, you will receive a proportionate refund of any annual premium you have paid for the policy year. This will be based on the number of **full** quarters remaining between your cancellation date and the next anniversary of your policy’s effective date.
 - For example, if the anniversary of a policy’s effective date is 1 January and the policy is cancelled in September, there would be one full quarter remaining (October-December) until the next anniversary; therefore, the remaining one quarter’s (i.e. three months’) premium, paid for the policy year, would be refunded.

Accelerated premium payment option

(i.e. the payment term is shorter than the term of the policy)

- Each accelerated premium payment will permanently ‘pre-fund’ a portion of your selected policy term at the original sum assured level.
 - For example, for a USD350,000 sum assured, 30 year policy term with a 10 year premium payment term paid annually:
 - The first year’s premium ‘pre-funds’ policy term years 1 to 3.
 - The second year’s premium ‘pre-funds’ policy term years 4 to 6.
 - ...and so on.
- For a premium payment term that is paid monthly, replace ‘years’ in the above example with ‘months’.
- If you stop paying your premiums, your cover will continue until the ‘pre-funded’ policy term ends.
- If you ask us to stop the plan, excess premiums will be refunded to you, based on the number of **unused** quarters left in the policy term and the plan will then end. The discount offered to you as part of the accelerated premium payment option, will also be reversed.
 - For example, presuming that the policy start date is 1 May 2020, and the monthly premium is USD238.21. The following will be the refund structure applicable:

Date of cancellation	Premiums paid to date (USD)	Pre-funded policy term date	Amount refunded (USD)
30 April 2021	2,858.52	1 May 2023	1,778.52
5 May 2021	3,096.73	1 August 2023	1,746.73
15 June 2023	9,051.98	1 November 2029	5,541.98

- Please see **‘Can I change my mind?’** section for details of your cancellation rights in the first 30 days.

What choices do I have when setting it up?

- You choose how much Life Cover you need, whether you want level cover or decreasing cover, and how long you want it to last.
- Level cover can be for any number of years, as long as all lives assured are under the age of 80 at the end. The amount of cover stays the same throughout the cover term.
- Decreasing cover can be for any number of years from 5 to 35, as long as all lives assured are under the age of 80 at the end. The cover term is normally the same as the remaining term of your mortgage. The amount of cover reduces over the cover term. You can choose an interest rate of 7% or 11%.
- The maximum total Life Cover for any one life is USD32,000,000, GBP18,280,000, EUR27,420,000 or AED117,760,000 depending on currency choice.

When does Critical Illness Cover pay out?

Diagnosis of a critical illness or disability

- We will pay the cover amount if, during the cover term and at least 90 days after we start cover or subsequent restart of the policy, a life assured is first diagnosed with a critical illness or disability that meets our policy definition and then survives for at least 28 days. All cover will then end. You must tell us of any diagnosis within three months.

Death

- Where there is one life assured, we will pay a nominal amount of USD3,600, GBP2,000, EUR3,000 or AED13,250 (depending on currency choice) if the life assured dies during the cover term, or is first diagnosed with a critical illness and dies within 28 days of the diagnosis.
- For joint life policies, we will pay the nominal amount on the death of the first life assured during the cover term or within 28 days of the first diagnosis of a critical illness, and cover may continue for the surviving life assured for the duration of the remaining cover term, or until a claim is made.
